Human Rights

Human rights are universal.

Do you agree ?

True

The principle of universality of human rights is the cornerstone of international human rights law.

This means that we are all equally entitled to our human rights. This principle, as first emphasized in the Universal Declaration of Human Rights, is repeated in many international human rights conventions, declarations and resolutions.

A manager and a leader are
basically the same thing.

Do you agree ?

Tip

Leaders focus on a vision rather than day to day operations and try to inspire people to contribute and cooperate. Managers use managerial tools to achieve set goals.

Talents & people

I am a person who has
well-defined goals and is
efficient in meeting them.

On a scale of 0 to 10 position
yourself and give your strengths
or weaknesses in this area.

Tip for moderator

Ask players who are very high or very low on the scale to:

- explain WHY
- share tools or methods they find effective or ineffective

You are deciding how you want to travel to a project meeting. The airplane ticket costs 600 € and the flight will take 1 hour. The train ticket costs 200€ and will take 12 hours.

Are you going to take the train ?
Explain.

Tip

Students should take into the account the alternative costs of the decision. What is the value of time lost compared to the cost in terms of environmental harm?

Also consider:

Why not use zoom instead ?
Is the meeting necessary ?
Could I send an email instead ?
